Expect the Exceptional.

Dartmouth Global Services, Inc.

DGS Inc. is a woman and minority-owned small business with expertise in healthcare staffing serving the needs of government and commercial clients. Based in Virginia and founded in 2006, DGS Inc. has rapidly grown from a one-woman operation to a full-service company with staff across the country serving the needs of DOD Military Health Clinics and commercial clinics by providing high quality healthcare to patients. DGS Inc. is committed to providing exceptional professional services to the government and commercial sectors.

The DGS, Inc. Advantage:

Unparalleled Responsiveness: DGS Inc. offers its clients the benefits of a small company, and in doing so, provides the highest level of responsiveness to the facility and to our professionals.

Strategic Recruitment: DGS Inc. has a proactive nationwide reach that has proven successful in recruiting highly qualified professionals.

Flexibility: As a small business with a sound infrastructure, DGS Inc. has the ability to handle tasks of any size with a high level of flexibility that is only available from a small business.

Choose DGS, Inc.

Because the U.S. healthcare industry continues to change and put pressure on clinics and hospitals to serve more patients presenting complex needs, DGS Inc.'s staffing services are in high demand. Growing patient volume and the need for specialty services, especially in the expanding area of radiology and imaging, has positioned DGS Inc. as experts in

providing radiology staff across many settings. Making DGS Inc. your preferred partner for healthcare staffing services can ease the burden on your healthcare business or practice.
